

Open Talk:

# Use of biosignals in human-computer interaction

Speaker:

## Hugo Silva

Researcher at the Instituto de Telecomunicações  
(Instituto Superior Técnico Lisboa)  
and  
Chief Innovation Officer at PLUX Wireless Biosignals

**March 27<sup>th</sup>, 2018 15:30-16:30**

**Ada Lovelace auditorium**

Faculty of Informatics

University of the Basque Country (UPV/EHU)

Manuel Lardizabal, 1 -

20018 Donostia-San Sebastián

**Organized by:**

**PhysComp** Project (Application of machine learning to physiological signals to facilitate user interaction and control of devices) supported by MiNECO (TIN2017-85409-P)

**adian:** Research Group of the Basque University System (IT980-16)
